ABOUT ME

I am a **Bachelor of Computer Applications (BCA) graduate** with a strong passion for web development and programming. Beyond academics, I have gained practical experience through personal projects, internships, and continuous self-learning. I am proficient in **HTML, CSS, JavaScript, C, Java, and Python**, with hands-on experience in building responsive and interactive web applications. Having worked extensively with **React.js and Node.js**, I am focused on advancing my full-stack development skills. Motivated by creativity and problem-solving, I strive to develop efficient, scalable, and impactful web solutions that deliver exceptional user experiences.

EXPERIENCE

Frontend Web Developer
Jawaharlal Nehru University

1/2025– 6/2025

- ☐ Built responsive web applications using HTML, CSS, JavaScript, and Flask (Python).
- ☐ Optimized UI components to enhance performance and loading speed.
- ☐ Collaborated with backend teams to integrate and improve UX.
- ☐ Delivered scalable, maintainable, and efficient front-end solutions

PROJECTS

Netflix Homepage Replica

<https://sahil-pant.github.io/netflix-homepage-replica/>

Created a pixel-perfect static clone of Netflix using HTML, CSS, and JavaScript, focusing on layout precision and responsiveness.

GSAP-powered Portfolio

<https://sahil-pant.github.io/My-Portfolio/>

Built a personal portfolio using GSAP and ScrollTrigger with smooth animations and scrolling effects

Spotify Homepage Clone

https://sahil-pant.github.io/Spotify-Clone_Homepage/

Developed a visually accurate Spotify homepage clone with HTML, CSS, and JavaScript

Cafe Website

<https://sahil-pant.github.io/Cafe-Website/>

Designed a multi-page cafe website with responsive navigation and clean visual aesthetics

Tribe – Botanical & Phytochemical Search Platform (JNU Internship Project)

Developed an advanced Flask-based web application for searching and exploring medicinal plants and phytochemicals using CSV datasets. Implemented efficient data linking, responsive UI, and Flask routes for smooth data visualization and search. The project was part of my internship at Jawaharlal Nehru University.

SKILLS

Languages

HTML, CSS, JavaScript, Python, Java, C

Frontend

React.js, GSAP, Responsive Web Design

Backend

Flask, Node.js (Basic)

Version Control

Git, GitHub

EDUCATION

Bachelor of Computer Application

Guru Gobind Singh Indraprastha University
2022 – 2025

Higher Secondary Education

D.A.V. Public School
2020 – 2022

Primary–Secondary Education

D.A.V. Public School
2010 – 2020
